Finnish design at English nursery!

Marimekko handbags and caps :)

Marimekko is a colorful, beautiful Finnish brand, known for its simple patterns. You can find almost anything in Finland with “Unikko’s picture” in it. Unikko is one of the best known patterns of Marimekko and it’s also the logo of Marimekko.

At English nursery on Friday children made their own versions of Marimekko design. Girls made their Unikko handbags and boys made Unikko caps.
