

Theater and last Good buy English Nursery

by Iida Tenolahti

(24.2.2013) We had just an ordinary Monday English nursery except the fact that it was the last time for me ;(With these little animals ;)

When the children had their nap Verka had prepared these posters: I love Iida

Probably one of the nicest things someone has made for me. It really made me feel so special! She is amazing! :`)

I gave each of them a little present and a Moomin shaped cart with the text: Goodbye! I'll miss you! With love Iida

I also had two presents for all the children in Klubicko which they could open, Moomin soft toy and puzzle...

As a thanks I received hugs and kisses....)

There are no words! BIG thanks to these children, LOVE YOU ALL!
