

Unbelievable farewell party-day!!!

by Iida Tenolahti

On Friday (28.2.2014) was the last day of the project, last English nursery, last time in Klubicko!!! :/ I don't know what to tell about it! Overwhelming! Almost the whole day was about my leaving, I felt so special! Here are pictures during the day:

Reading in Finnish ;)

Moomin puzzles..

The children were making this beautiful neckless and at the end of the day it ended up on my neck, I love it!

After the English nursery Natalie had invited some of the children and parents for the farewell party in Klubicko, we had great time! I received plenty of gifts from the children, their parents and my workmates! I got this picture book from all the people in Klubicko with the pictures from the whole six months!

Amazing Moomin cake!!!

It was too much love for me to handle!!!

In the evening we went for a little party with the girls! I'll miss all of you!!
